Grade 1-8

(\$375)

This program will teach about our physical world by exploring different themes: native plants, flowers, medicinal plants, coastal environment and animals.

**2/2/2024 Theme: Native Plants**

**2/16/2024 Theme: African Animals**

**3/8/2024 Theme: Coastal environment**

**3/22/2024 Theme: Flowers**

**4/19/2024 Theme: Medicinal Plants**

# Expedition

Various locations (Friday)

**Grade 1-8 (\$370 for 5 Weeks of activities)**

*Charter School funds can't be used for this program.*

## **2/9/2024 Torrey Pines Hike and Tide Pool**

Torrey Pines State Natural Reserve is located within San Diego city limits and yet remains one of the wildest stretches of land on our Southern California coast! Because of the efforts and foresight of the people in this area, 1,500 acres of land are as they were before San Diego was developed — including the maritime chaparral, the rare Torrey pine, miles of unspoiled beaches, and a lagoon that is vital to migrating seabirds. One can imagine what California must have looked like to the early settlers, or to the Spanish explorers, or even to the first California residents here, the Kumeyaay people.

## **2/23/2024 Whale Watching (Expedition) e**

Let's go observe whales and dolphins in their natural habitat. It is a great way to learn about their behavior and when we get lucky enough to see them closeby it is quite a spectacle.

*Parent tickets will be required. Parents wanting to participate will buy their tickets separately with Miss Therry*

## **3/15/2024 Joshua Tree (Expedition)**

Joshua Tree is where Two Deserts Meet. Two distinct desert ecosystems, the Mojave and the Colorado, come together in Joshua Tree National Park. A fascinating variety of plants and animals make their homes there. Joshua tree forests tell a story of survival, resilience, and beauty. Within the park, there are igneous rocks. These rocks originated as intrusions of magma into the metamorphic rocks. The piles of rocks offer a great playground for scrambling and rock climbing.

## **3/29/2024 Take the Train to Powerhouse Park and Beach in Del Mar (Expedition)**

Powerhouse Park is a grassy park that overlooks Del Mar beach. The park **runs parallel to the ocean**. It is located just north of the popular 15th Street surf break. It is located really close to the train station so it is a great opportunity to adventure by train!

## **4/19/2024 Sky Park (Expedition)**

Sky Park is located in an alpine forest nestled in the San Bernardino Mountains. We will get to experience the mountain while enjoying the park.
